

Modesty is a virtue. But when it comes to awards, we tell ourselves exactly what we tell our clients: If you've got it, flaunt it.

In the 29 years we've been in business, Nesnadny + Schwartz has won over 1,700 awards from virtually every major communications organization from the American Institute of Graphic Arts (AIGA) to the International Association of Business Communicators (IABC). Our work has been featured nationally and internationally in every notable journal devoted to visual communications from *Adweek* to *Investor Relations Magazine*.

The N+S/Progressive collaboration has resulted in over 500 communications awards, making these books the most visible and praised works in the history of annual report design and production. These publications have the distinction of holding the most awards in the 46-year history of the Mead Annual Report Show as well as the 24-year history of the *Black Book AR100*.

We couldn't win awards without great clients, clients who are equally inspired and equally committed to the relationship. Our clients are risk takers, but they're also business people. Just like us. They trust us because our creativity is backed by logic—bold ideas grounded in research and driven by results.

If there were an award for great clienting (yes, it's a made-up word), our clients would win, hands down.
